I recommend ACM's Calendar of events (http://www.acm.org/events/coe.html), and the HCI Index (http://is.twi.tudelft.nl/hci/conference.html). SIGCHI's own meta-list of HCI sites at http://www.acm.org/sigchi/hci-sites/ includes links to seven HCI Events sites.

Two SIGCHI Chapters have comprehensive HCI events lists on their web sites. BayCHI's calendar at http://www.baychi.org/calendar/calendar.html includes workshops, courses and journal solicitations. CapCHI's events list is at http://www.acm.org/chapters/capchi/sigchi_events.htm.

Please email your events listings (and ideas for these pages) to me at CHI-Bulletin-Events@acm.org. Also, please tell event organizers you contacted that you saw their listing in the SIGCHI Bulletin.
